Bluesky *Range*

Welcome to our Healthpack Range

Welcome to the new BLUESKY Healthpack range – our comprehensive offering of plastic packaging solutions specifically collated for the healthcare, VMS, OTC, medicine, alternative and complimentary health markets. We know how crucial the integrity of the packaging is when healthcare is involved, years of experience in supplying these specialist markets have combined to create this broad range which will include the optimum pack for your product.

From FDA approved material to class 10,000 clean rooms we understand that the legislation, regulations and challenges facing our clients in these sectors are daunting....prove the benefit of the Bluesky service, products fully backed with necessary documentation, complimentary samples for product trials, ISO9001-2008 approved supply with guaranteed traceability and a fully equipped quality testing lab to back our commitments.

Rely on us, our commitment to quality, integrity and flexibility are key strengths that underlie our service, we are experienced at exceeding our clients expectations, we understand high MOQs, storage issues, and JIT deliveries, hence most of the Healthpack range is already available from stock held at our 2 acre distribution centre. We look forward to discussing your product requirements in detail to assist you in ensuring your creation is presented to the marketplace in the perfect pack.
